Age _____ Number of Years in YSKP _____

Experience

Part of your job will be to work in a positive way with the younger members of the cast. What kinds of experience if any do you have working with/or being responsible for younger children?

A new part of being a DaBigs this year involves teaching younger and new cast members some theatre basics. We will help supply the information and some suggestions for teaching the basics, but how you do it will up to you as a group.. What experience do you have planning a project and presenting it? Teaching others something? Leading a group?

DeBigs will also need to lead the group and organize activities. What experience do you have if different than above, in leading a group? Planning activities?
